

Data Protection Policy - Kenya DPA 2019

How Binti Rising collects, stores and shares data

1. PRINCIPLES

We collect the minimum data necessary. Data is aggregated for reporting. We do not publish full names, phone numbers, national IDs or exact locations of participants.

2. CONSENT AND CHILDREN

Participants 15-17 require guardian consent before enrolment. All data collection uses an explicit DPA 2019 consent checkbox.

3. MASKED REPORTING

Stories and results are published masked, e.g. "F.W. - Kibera" or "Binti, 19 - Mathare". Raw Excel data is never committed to code repositories and never published.

4. SECURITY

Raw data files (xlsx/csv) are encrypted at rest and excluded from version control via .gitignore. Access is role-restricted. Dashboard figures are aggregates only.

5. YOUR RIGHTS

Access, correction and deletion requests: hello@bintirising.or.ke or WhatsApp +254758919709. We respond within 7 days.
